# Introduction

## A BRIEF COMPANY DESCRIPTION

Trillium is set to transform the ways, office supplies and needs are looked upon and processes. The dependency of Office supplies for various offices is well understood by us. Every business or Office set of requirements differ from each other. We have chalked out our framework of business by center staging Client's need, delivery, cost and the ease of managing the entire process. We have valid and operational propositions for each and every business sector, that will help in running their office needs smoothly.

Trillium has a deliberate idea of not being another player, confrontation in the office space. In the perimeter of its operations, Trillium is discussing valid and operational propositions for various business sectors, that may help in running their office needs smoothly.

Starting from its formation way back fourteen years, Trillium has emerged from a common supplier to an organised business. Earlier, in the past time, Orion eOffice (I) Pvt. Ltd., was the operational company name which acted as sole units in cities of Chennai, Bengaluru, Ahmedabad and Mumbai. To add a thrust and to form a much arranged structure, Orion eOffice (I) Pvt. Ltd., has transformed its various sole units to Trillium Technologies as a Unified one. Now, Trillium has its wings in Chennai, Bengaluru, Mumbai & Hyderabad. Adding to the regularity, we suffice the daily Office Supplies and Automation of various businesses in distinct sectors.

Enhancement is the key and our entire process encircles around understanding Client's requirements, their cost parameters & smooth operational flow and executing it by our indepth analysis, experience, quality selection and execution programs.

Trillium has framed its business models to accommodate from a small business to multi facilitated corporate. Technology Products and Office Supplies are our two broadly mentioned portfolios which serve the purpose of every business requirements. See the next page for a categorised distribution of products and solutions we offer to our clients. By means of extensive ERP implementation, we ensure each and every client's requirement, process smoothly from filing their requirement to after sales. Trillium presently only serves our listed clients and is non operational in retail space.
